### **Live, Train and Play as Atlético do!**

Atlético de Madrid is an institution with a long tradition in the development of young footballers. The foundation believes not only in the sporting development of players, but also in their personal growth, and therefore seeks to promote values such as solidarity, comradeship and equality through sport, as well as the improvement of social and communication skills.

### **Work hard to achieve your goal!**

The Atlético de Madrid Foundation, together with Choices International, will help you to develop your sports skills while you learn and have fun. Under the supervision of the technical team, you will acquire the knowledge and skills needed to keep improving day by day. The programme is tailored to different age groups, and includes educational play activities in dynamic environments. Our goal is for children to have an unforgettable experience, during which they learn values such as solidarity, friendship and equality.

### **Sports Management and Coaching Staff**
