Our Discover Manchester programme takes place in the historic second city of the UK. The city boasts an iconic centre alongside modern and dynamic attractions that our students can immerse themselves in. Our residential site offers perfect opportunities for students to learn in a close-knit community environment from a cross-cultural exchange close to the heart of one of the UK's most important cities.

A unique Manchester Study-Experience

Our programme includes a fun range of multi-sports activities and excursions designed to really integrate you into Manchester life and introduce you to the most significant sites in the city. At the same time, you will enhance your language skills through our interactive English course. All our teachers are native, accredited and highly qualified professionals.

Our programme guarantees a high quality of service in English classes. Our language tuition uses a fun, participative approach to learning and emphasises spoken language skills. Students receive 15 hours of English lessons per week, in classes of a maximum size of 15 students. Students are tested on arrival, and placed with other students of approximately the same level.
