CHILDREN AGE RANGE

9 - 17

The adult programme

The programme consists of an English language course, which can be fully personalised to fit our client's needs. We follow a highly stimulating method, both inside and outside the classroom, which encourages participants to actively use the [English Language](#). The activities and teaching methods in our programmes are specifically designed to suit both adults and children needs ensuring that the whole family will enjoy learning.

Parents participating in one of our programmes can choose to do an English or Spanish course and enjoy the diversity of all the cultural aspects of the United Kingdom, Ireland or Spain.

Young students (9 - 17)

Students will have the chance to improve their sports skills (football, tennis, golf or dance) in our specialised junior programmes. Please check availability

Our junior camps offer unique locations with high-quality facilities which are selected for their standards of excellence. The programme could be residential or Day Camp.

Students coming to Spain will have the option to choose between [English](#) or [Spanish](#) classes. They will enjoy sports and other fun activities, whilst putting their newly acquired language skills into practice with other students from all over the world.

These programmes are fully supervised throughout the school day by our qualified and highly experienced teachers and staff.
