ENGLISH LANGUAGE TEACHING

Our programme is accredited by British Council to guarantee the high quality of service in English classes. Language tuition uses a fun, participative approach to learning and emphasises spoken language skills within a soccer context. Students receive 15 hours of English lessons per week, in classes of a maximum size of 15 students. Students are tested on arrival, and placed with other students of approximately the same level.

In addition to the use of the latest video analysis technology and training techniques, participants will have the opportunity to participate in our Pro-Experience seminars, delivered by West Ham United Foundation's staff and covering areas including Scouting/Player identification, Nutrition and Physical Conditioning and other their specialist areas. During the course participants will have visits from a professional or youth Academy player from West Ham United who will share their expertise & knowledge of the professional sports world. A personal soccer assessment will be given at the end of the programme.
